Hello,

As people in recovery ourselves, we know first hand how challenging it can be to take that first step, make that first call and try to put the pieces of our lives back together. We know that it takes a level of courage and strength that most people will never understand. But we also know that if we can do it, you can do it, too! And we want you to know that you do not have to do it alone.

We can't do it for you - but we can do it with you. We won't tell you what to do or how you should do it, because this is your life, your recovery and you need to do it your way. But we can offer you our support, encouragement and connection every step of the way as you heal - because that's what we do:

We Recover Together

**PEER Wellness Center is a community center for people in recovery.**

**ALWAYS FREE**  
totally confidential

**If you or a loved one are looking for support, we can help by:**

- being a safe place to heal and connect
- offering a variety of recovery support groups for you to choose from
- providing support for our friends & family members
- supporting access to treatment/system navigation
- connecting you with peer recovery support/peer recovery coach
- helping you develop your recovery management plan
- connecting you to community resources to support your recovery
- hosting recovery friendly social activities (yes. we can have fun, too!)
- confidentially providing overdose prevention training and supplies
- providing opportunities for you to volunteer
- hosting community education events that reduce stigma
- advocating for you (at the individual and community level)
