Hello

We are the staff and volunteers at PEER Wellness Center. We just wanted to drop you a quick note, introduce ourselves and let you know about an available community resource as you plan for release.

Building or re-building a new life in the community can be very exciting! But it can also be challenging and a bit overwhelming, at times. We know - because we have done it ourselves - and we just want you to know that you don't have to do it alone!

The **day one** program at PEER Wellness Center can help support you through this transition by providing peer-based recovery support, help you discover a wide variety of peer-led support groups (like the "JustUS Solutions & Support Group), introduce you to others of the recovery community to help strengthen your support system, and offer our encouragement as you identify and accomplish the goals that you set for yourself. We can also help you locate and access many of the practical community resources that you may need (food, clothing, healthcare, hygiene items, a cell phone, ID/Driver's License/Social Security Card, transportation, housing, etc). We don't have all the answers, and we know that we can't do this 'for you', but we hope that you will give us the opportunity to do this 'with you'.

This support is completely free, totally confidential*, and is available to you for as long as you find it useful. We look forward to meeting you and hope that you will find PEER Wellness Center to be a safe space where you are able to heal, connect and belong.

***A Note about Confidentiality:** We know, respect and will always honor your **federally protected rights** under the Part 2 statute (42 U.S.C. 290dd-2) which protects "[r]ecords of the identity, diagnosis, prognosis, or treatment of any patient which are maintained in connection with the performance of any program or activity relating to substance use disorder education, prevention, training, treatment, rehabilitation, or research, which is conducted, regulated, or directly or indirectly assisted by any department or agency of the United States." **We are morally, ethically and legally prohibited from disclosing any protected information about you without your express and written consent** - which you may choose to revoke (in writing) at a later time. (This includes employers, healthcare/treatment providers, probation/parole officers, law enforcement and even your Mom.) Anything that you ask us to disclose can not be used to "investigate or prosecute a patient without written patient consent or a court order." The staff and volunteers at PEER Wellness Center are not affiliated with, nor obligated to, any outside agencies or individuals - making YOU the only person that we are accountable to.

Just-US Mission Statement

The primary mission of the Just-US Support group is to welcome, assist and support individuals with their successful reintegration into the community after criminal justice system involvement.

We seek to empower these individuals by leveraging our positive examples and experience. By providing a support group and utilizing available resources we hope to enhance the capacity of Returning Citizens to address their own needs and successfully (re)integrate into their community(ies).

Core Values:

- Service
- Confidentiality
- Recovery
- Social Acceptable Behavior
- Gender-Specific Mentoring
- Honesty
- Anonymity
- Accountability
- Integrity
- Sobriety
